

Quizando

Intelligence pays!

Quizando is about to totally revolutionise one of the digital world's most important and fastest growing sectors by disrupting the way social media influencers monetize their followings.

By using our platform to live host pay-to-play-to-win quizzes, people with social media followings of all sizes can earn real money, real easily and real fast. They now have an easy way to turn followers into revenue.

Our ICO is unique because our raise is small and carefully planned out not to mention the fact that our product already exists – we are just expanding and enhancing it.

But the small raise doesn't hide our massive potential.

What is Quizando?

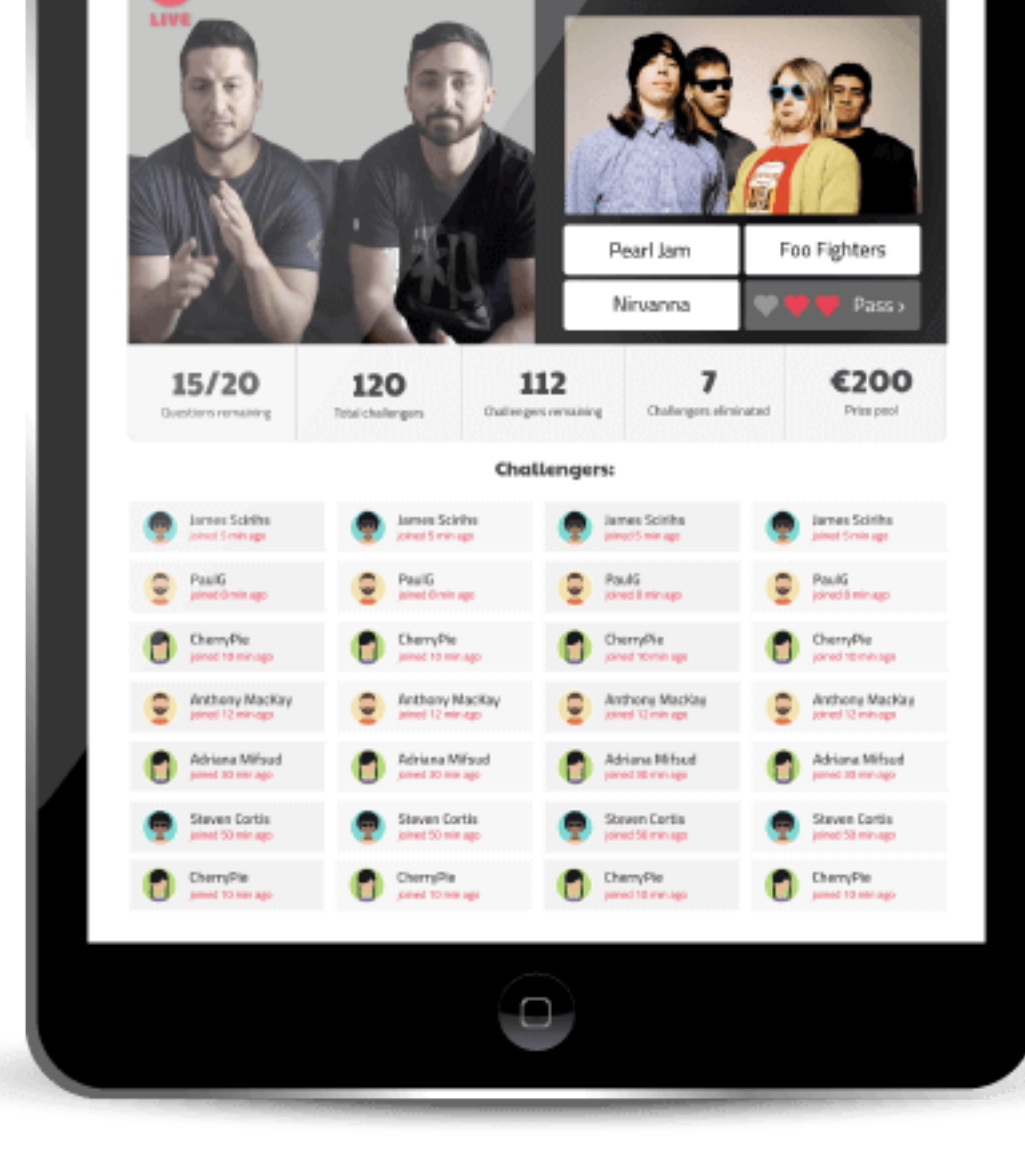

Our platform will revolutionise the influencer world. Forever.

Quizando is a state-of-the-art quiz delivery system that gives players the chance to win real cash for taking part in a variety of different trivia games.

When it soft launched in 2017, it was the first of its kind in the world and it remains entirely unique to this day. Although only operating in beta test mode, Quizando has built up an active following with thousands of new players signing up to the platform every month.

We currently offer three types of games but have several more game styles and variations ready to deploy once the platform has been upgraded and made scalable.

The fact that our platform has been revenue positive and monetised from day one makes us a unique operator in the potentially vast but almost totally untapped quiz game market.

Quizando is much more than just a gaming website - its a whole new ball game

Global potential market
500-600 million players

YouTube's figures show
465,000 People with 10,000+ subscribers

A typical player plays approx
\$100 a year global market could reach \$60 Billion

Over 50 countries already playing Quizando

Quizando Live - Industry Disruptor

Quizando Live will take the platform into the stratosphere

Quizando is a great product that will get even better when we upgrade our tech. It will generate massive revenue and huge turnover based on the beautiful simplicity and playability of its games.

Quizando Live is where influencers, large and small, get to host their own Last Man Standing quizzes in real time via video link. All of a sudden, people with small, medium or even large social media followings have a quick, simple and easy way to make money from their followers.

They will no longer have to spend hours making videos and hoping the world decides to watch them. They set up a quiz, promote it to their followers and earn instant money. Quizando Live solves their biggest problem in one fell swoop: how to turn their subscribers into cold, hard cash.

How QUIZ will be used

When it comes to the creation of the QUIZ token we have one overwhelming aim – to make sure our token not only has value but that it is extensively used on the Quizando platform. For this reason, the relaunched version of Quizando will have an ecosystem designed to give QUIZ owners a wide range of benefits. Players will be able to deposit and withdraw funds into their game wallet both in traditional currencies and in QUIZ. But to encourage increased usage of the token, those people who deposit QUIZ will receive Reward Points which they can use on exclusive content. This will include special prize games, celebrity quizzes, major prize quizzes and free turns on selected in-house quizzes. Throughout the relaunched platform we will be encouraging players to buy QUIZ and use it to make their deposits in order to avail themselves of these brilliant bonus features. We want QUIZ to be used, valued and appreciated by our community from day one.

Using QUIZ on our platform gives you:

- Access to exclusive Last Man Standing Quizzes
- Free Plays on Classic Quizzes
- The chance to enter special celebrity quizzes
- Access to quizzes with physical prizes
- The chance to win QUIZ in closed-group games
